Low-rise platform lift for domestic & public access

The Melody 1 Platform Lift offers a reliable and compact solution for wheelchair access. Whether installed for domestic or public access use, the lift provides a more convenient and practical alternative when constructing a ramp is not feasible. The design incorporates an external fixed ramp to eliminate the need for a pit, keeping building work to a minimum. In public buildings, Melody 1 allows for compliance with current disability regulations.

Standard features

- **Quick installation** in one day – minimal building work required
- No need for an enclosure or support tower
- **Easy to operate**, illuminated constant pressure controls
- **Attractive** stainless steel finish (RAL colours available as an option)
- **Upper level gate option** (required when lifting height exceeds 290 mm for domestic and 260 mm for public access)
- **Pit option** available for internal use
- Optional **security features** (Radio enabler, Radio isolate and Authorised key holder)
- Optional **polycarbonate infill panels** to gate and carriage sides
- Optional **bridging steps** for domestic applications only

Specifications

Application range: Wheelchair users and people with impaired mobility. Internal and external locations

Safe working load: 250 kg

Maximum travel: 1000 mm

Lifting mechanism: Hydraulic scissor

Rated speed: 0.06 m/s

Electrical supply: Single phase 220/240 V ~ 50/60 Hz

Low voltage operating system: 24 VDC

Operating temperature range: -10 °C to +40 °C

Safety: Full platform safe edge which stops the lift should it touch any obstacle in the down direction only. Fully interlocked carriage gate and upper gate (if required). Bellows style cover prevents access to lifting mechanism. The lift has full battery back-up and an on-car emergency lowering facility.
